I confirm that this assessment is my own work, is not copied from another person's work and has not previously been submitted elsewhere. I understand that plagiarism is:

- The act of stealing or copying another's work, without giving credit. For example:
 - Turning in someone else's work as your own
 - Giving incorrect information about the source of quotation etc.
- The intentional use of intellectual property the source of which is not properly acknowledged and/or the direct use of intellectual property, referenced or un-referenced, without a clear indication that the intellectual property was taken verbatim from its source.
